PASSED THE AUTO ORDINANCE

BOARD OF SUPERVISORS PASSED THE LUCAS ORDINANCE LAST NIGHT—OTHER BUSINESS.

The road department will have to go about \$5,500 shy of the amount desired for this month, as the Board of Supervisors cut down the estimate for May to \$15,000 at the meeting last night. Road Supervisor Johnson had asked for \$18,500 but this amount was cut to \$15,000, but not without some kicks on the part of Lucas.

The only matter of particular interest during the meeting was the report of the Waiānae police investigation committee. This report sustained charges against officer J. Kupheha and the Board requested that he be dismissed. The following bill for April expenses were passed:

County office, rent, general, \$100; Ewa road district, special, \$3,206.89; Police fire alarm system, general, \$65.50; Waiānae road district, special, \$1,247.02; Waiānae road district, special, \$334.60; Koolauloa road district, special, \$278; Koolauloko road district, special, \$114.18; general, \$240; Garbage department, general, \$671.10; Police department, general, \$216.30; Pali arch, general, \$2,880; Pali road, general, \$550; Kāhauiki culvert, general, \$37.44; Pali road retaining wall, general, \$636.15; County Engineer's department, general, \$1,411; total, \$11,259.87.

For the Committee on Roads, Bridges and Parks, Lucas reported that Mrs. Jaeger objected to cutting Young street through her property, and the matter would therefore have to be settled by the Superintendent of Public Works. The latter will be notified to this effect.

For the Committee on Electric Lights Moore reported that the entire electric light system had been taken over by the County, immediately following the recent heavy rain. The heavy rain had been followed by large force of water that enabled the plant to be operated. This change resulted in a big saving to the County.

Treasurer Trent's report was read as follows:

Honolulu, May 1, 1906. The Board of Supervisors, County of Oahu.

Gentlemen: I beg to report receipts and disbursements in this office during the month of April as follows:

General Fund.

Balance on hand April 1.....\$75,987.14

April receipts.....21,911.10

Total receipts.....\$107,178.24

April disbursements.....75,154.10

Balance on hand April 30.....\$32,024.14

Special Road Funds.

Balance on hand April 1.....\$16,713.46

April receipts.....18,520.00

Total receipts.....\$35,233.46

April disbursements.....9,789.44

Balance on hand April 30.....\$25,444.02

The usual monthly report for April, showing receipts and expenditures more in detail, will be submitted at an early date. Yours very truly,

RICHARD H. TRENT, County Treasurer.

Following this the clerk read the following report from the chairman.

Condition of Treasury.

The chairman reported that there should be in the County treasury \$50,498.29; warrants unpaid, \$858.80; total, \$51,357.09.

The amounts and kind of money are: Redeemed warrants.....\$ 350.00 U. S. gold coin.....3,860.00 U. S. silver.....106.27 Road tax, special, deposit in bank.....25,444.02

Deposit in banks.....21,596.80

\$51,357.09

GEO. W. SMITH, Chairman.

J. W. BICKNELL, Auditor.

E. A. DOUGHTY, County Attorney.

Guy Gere, the County Engineer, expressed himself in response to a query from the chairman, as very much in favor of a stone parapet being built at the Pali in place of the present fence. L. M. Whitehouse, the contractor, had agreed to do this work on the basis of actual cost of labor and materials, plus 20 per cent profit. Moore had recommended this improvement to the chair. The cost might be \$1550, but Gere stated he would prepare estimates for the cost of the improvement and present it at the next meeting.

Gere also made a verbal report relative to progress on the Pali road work.

It was reported that the Bishop Estate had agreed to give the right of way for the proposed new Pali road loop. Moore expressed the opinion that before the Board put the road through the Board should make agreement in writing with the property owners concerned to give a free right of way. A motion to this effect was passed.

A communication from the Superintendent of Public Works was received relative to the location of a new road between the Reform School and Waiānae, in front of certain homesteads at Paumotu and Pupukea. The letter called attention to the fact that certain homesteads that had been sold had not been fenced nor the road located or clearly defined. It was asked that the County Engineer be directed to survey this road. But Lucas and Moore scented a joker in the matter. Both thought it was an attempt on the part of the Territorial authorities to put work on the County. The commissioner of lands so Lucas said, had funds with which to do this work and he should do it.

Engineer Gere called attention to the possibility in event of the commissioner of lands doing the locating that the road might be placed down by the railroad. He thought it would be very unwise to locate the road at that place for it would involve extensive filling in of swamp land. He advised having the

WOMEN'S BOARD OF MISSIONS MEET

INTERESTING MEETING HELD YESTERDAY AT CENTRAL UNION CHURCH.

Yesterday afternoon the Woman's Board of Missions met at the Central Union Church at which meeting a paper was read by Mrs. Richardson which was written by Mrs. A. F. Cooke, who was forced to be absent by illness. The paper was made up from extracts from the Journal of Amos S. Cooke who with his wife came to these islands in 1837. The paper was much enjoyed.

Mrs. Whitney gave a tribute to the memory of Miss Annette A. Palmer, a missionary to the Micronesians who died recently at her post of duty. Miss Palmer was the first representative of the Woman's Board of Missions to labor in a foreign field. The Board decided to enter a memorial to her honor in their annual report.

A special thanks offering was taken up amounting to \$174.

A number of new committees were named by the president as follows: Appropriation Committee for 1906: Mrs. Dillingham, chairman; Mrs. W. L. Moore, Mrs. P. C. Jones, Mrs. S. M. Damon, Mrs. C. M. Cooke and Mrs. J. B. Atherton.

Annual Luncheon Committee: Mrs. Andrew Fuller, chairman, with power to choose her own aids.

Luncheon Reception Committee: Miss Margaret Hopper, chairman; Mrs. W. Thompson, Mrs. E. W. Thwing, Mrs. E. W. Peterson and Mrs. J. M. Whitney.

Membership Committee: Mrs. D. L. Withington, Mrs. Theo. Richards, Mrs. W. A. Hopper, Miss Hopper and Mrs. W. L. Frear.

County locate the road. In this recommendation the members of the Board concerned and the matter was referred to Gere for a report.

Another report from Superintendent Holloway relative to the progress of the house numbering by A. E. Murphy was read. Holloway said he would be pleased to turn over the inventories as soon as they had been received for by the proper County authority. The County Clerk was directed to sign for the inventories.

A report from Road Supervisor Johnson relative to the work performed during the month of April and work proposed for May was received and placed on file. He also recommended that \$18,000 be appropriated for the road department for the month of May. An appropriation of \$1953 for salary and supply expenses of the garbage department was also recommended for May. The recommendations were filed to be considered with the appropriation.

A petition from residents in Kāhauiki asking for the improvement of the Kāhauiki valley road and for a bridge over a stream up the valley, was referred to the Committee on Roads.

Lucas' automobile ordinance came up for third reading. Lucas moved that the ordinance pass. Moore seconded the motion.

Archer opposed the ordinance. He seemed to think that it required too much knowledge of the machine on the part of an owner. It was explained by Lucas that the ordinance was satisfactory in this respect, to the owners of machines, and it was for the benefit and protection of the public as well. The ordinance passed unanimously.

A communication from the Hawaiian News Company relative to bidding on ballot paper was tabled pending information from Supervisor Adams.

The estimates for May were passed as follows: fixed salaries \$1,670; county clerk office clerks \$255; material and supply \$100; auditor's office clerk \$120; material and supply \$25; attorney's clerks \$535; material and supply \$100; treasurer's clerk \$120; material and supply \$25; county office rent \$400; pound-master pay roll \$20; county engineer salary \$265; material and supply \$1000; road department \$15,000; keepers of parks pay roll \$200; Ewa road district \$3650; Waiānae road district \$400; Waiānae road district \$1100; Koolauloa road district No. 1, \$1000; Koolauloa road district No. 2, \$100; Koolauloko road district \$1200; police pay roll \$7,965; material and supply \$1000; fire department pay roll \$3,675; material and supply \$875; garbage department pay roll and materials \$1975; electric light department pay roll \$650; material and supply \$1100; police and fire alarm system pay roll \$100; material and supply \$175; Hawaiian band \$2,400; special estimates \$22,675 total \$47,000.

GERMANY'S INEVITABLE WAR.

German state policy is determined by the political and geographical conditions of Germany, and those conditions render a decisive war with Great Britain almost inevitable sooner or later, and entirely justify it from the German point of view.—Vanity Fair.

TIRED BRAIN.

Means that you are losing control of your w-i-t power; it is difficult to concentrate your thoughts; you are forgetful, languid, nervous, irritable.
